1. Any Tech 2 certification-related prerequisite is also met with a CCR 2 certification.
2. Any Tech 2 experience-related prerequisite is also met with an equal amount of CCR 2 experience, or with a combination of both Tech 2 experience and CCR 2 experience.

Example:

- a. *Have conducted at least 300 dives, 50 of which must be at the Tech 2 level.*

Prerequisite (a) is met if the candidate has 50 dives at the CCR 2 level.

Prerequisite (b) is met if the candidate has a CCR 2 and Cave 1 certification.
